EXPERIENCE

Web Design - Mar 2024 - May 2024

Timphotography | Academic Project

- Created a website for photography service using WordPress, showcasing work and services.
- Customised WordPress themes and templates to meet client specifications and branding guidelines.
- Integrated plugins and widgets to optimise website functionality and enhance user experience.
- Utilised responsive design techniques to ensure full functionality across multiple mobile platforms.
- Active collaboration with clients to gather, understand and fulfil their requirements.

UX/UI Designer - Jan 2023 - Mar 2023

Pioneer Recreation Centre | Academic Project

- Developed a project that streamlined activity booking at Pioneer Recreation Centre, led to improved user engagement.
- Designed a mobile app interface using Figma within 5 weeks. Led an iterative design process, including multiple rounds of wireframing, prototyping, and user testing.
- Refined design concepts iteratively through insights from user research, leading to design finalization.
- Collaborated effectively with the team using the agile framework, resulted in efficient delivery within 3 months.
